WILL ACT INDEPENDENTLY

Awaiting Turn of Events to Push Her Venezuela Claims.

Paris, Jan. 9.—A correspondent of the Associated Press has made inquiries in official quarters regarding the development of the attitude of France toward Venezuela. He learns that Frenchmen having claims against Venezuela are urging their government to adopt coercive measures. The government, however, is undecided whether to do so or not. Nevertheless, in view of the possibility of such action, it has informally sounded Washington on the feeling of the United States in the matter. It can be positively said that whatever action France may take will be absolutely independent of that of Germany, with which country there can be no co-operation. The authorities here are waiting for a turn of events in the civil war in Venezuela, but in any case the action of France will be nonpolitical and be confined to obtaining satisfaction for material injury to the interests of French citizens.

He Says Chinese Will Not Supersede the American Laborer.

New York, Jan. 9.—Wu Ting Fang, the Chinese minister to Washington, gives some of his views on the Chinese exclusion act in a letter to one of the speakers in a debate to be held on that question at Passaic, N. J., at an early date. Mr. Wu says:

"There is no danger that the Chinamen will supersede the American laborer, although there has been much said on that subject. The Chinaman is a home body. He does not leave his native country in any large numbers, a fact which is proved by the few Chinese to be found in countries where they have free access."

Wu Ting Fang quotes from many leading authorities in support of his views.

RELATIONS STRAINED

American, British and Russian Authorities in Bad Humor.

NUMBER OF FIGHTS.

Russian Soldiers at New Chwang Responsible for Existing Conditions by Attempted Arrest of American and British Troops.

Pekin, Jan. 9.—While the actual casualties during the fighting at New Chwang between American sailors belonging to the United States gunboat Vicksburg, which is wintering there, and Russian soldiers attached to the garrison of that port, are trifling up to date, the matter has resulted in unpleasantly strained relations between the American, Russian and British authorities there. The Washington and St. Petersburg governments are now endeavoring to arrange matters so that there may be no further friction.

The trouble originated in the action of some sailors belonging to the British sloop of war Algerine, also in winter quarters at New Chwang, in carrying ashore six rifles for use in theatrical performance. The Russian administration sent a force of men to arrest the British sailors. The Russians, however, by mistake broke into a reading room where a party of the Vicksburg's men were seated and tried to arrest them. The Americans resisted, defending themselves with chairs. They were overpowered after a sharp fight, however, and handed over to the United States consul who sent them on board the Vicksburg.

The bad feeling which arose from this incident resulted in several fights whenever American or British sailors met Russian soldiers, and the latter not being accustomed to fist fights, were usually badly worsted. This condition of affairs culminated on New Year's Day in a more serious affray and the Russian minister here, M. Paul Lessar, complained to Mr. Conger that two members of the Vicksburg's crew had fired a revolver at an offending Russian soldier, wounding him in the arm.

Relations between the American and British consuls and naval commanders and the Russian administration at New Chwang are strained, which makes a friendly settlement of the affair difficult. The administrator attempted to enforce a social code which the foreign officials refused to recognize. The memorandum presented by the Russian minister to the United States minister here related to various alleged assaults committed by Americans. On one occasion, it was asserted, three sailors attacked a sentry, and owed their lives to the sentry's forbearance in not exercising his right to shoot.

The administrator demanded that the United States consul try the offenders, but the commander of the Vicksburg, E. B. Barry, wrote a curt refusal.

Minister Conger is endeavoring to restore friendly relations at New Chwang. He is urging the United States consul there, H. B. Miller, to co-operate with the Russian authorities in suppressing and punishing violence.

The steps taken are, however, seriously handicapped by the action of the Russians, who refuse to allow foreigners to use the telegraph line.

The foreigners at New Chwang attribute the trouble largely to lack of tact upon the part of the administrator.

Home for Aged Jews.

New York, Jan. 9.—Jacob H. Schiff has purchased the sight near the Columbia university campus on which, as reported, he will build a home for aged Jewish theological seminary graduates. According to present plans it will be six stories high and cost \$250,000.

HEAVY BURDENS OF THE SOUTH.

Says the Nashville American, the South's burden in educating from meager funds—made more eager by interest on debts contracted by robbers of reconstruction days—its own children, as well as the negroes, practically unaided by the money of philanthropists which has given the educational institutions in the North and West so much force in educating free of charge willing youth, is ably set forth by Dr. J. L. M. Curry in an article he has prepared on "What the South Has Done for the South." Dr. Curry brings out among others these points:

From 1870 to 1901, \$120,000,000 was spent on the negro by the Southern States.

That the white people in the South pay \$92 in every \$100 of the revenue for school purposes.

That in 1899 in Virginia, as an example, the whites paid \$1,100,000 of taxes, the negroes \$49,000.

That the value of property in two of the Southern States where the rolls are kept separate is, in North Carolina, whites \$242,000,000, negroes \$9,000,000, and in Georgia, whites \$374,000,000, negroes \$14,000,000.

Dr. Curry says: "With profuse hand Congress has appropriated money and sent teachers to Alaska, Hawaii, Porto Rico and the Philippines, but in the Southern States

the white man's burden has to be borne unaided." He traces the struggles of the South and its colleges and how heroically they have met them, and says:

While Northern and Western institutions have been endowed with prodigal munificence, and negro schools have received from the national government and ecclesiastical bodies and individual benefactors many millions, the South has received from beyond Mason and Dixon's line not probably all told \$1,000,000, after subtracting the noble Vanderbilt gift, where a southern woman is supposed to have had some healthful influence.

It may not be in order to complain of the failure of philanthropists to contribute of their hoards to necessities of the South, which some of them have doubtless done much to bring about, but there is much force in the suggestion that the party by which the negroes were liberated and turned into the voting booths has made it a point to leave the burden of negro education upon the very man against whom they have employed the negro voter. This is not all. The Southern taxpayer has contributed in proportion to the benefits coming to him more pension money than the citizen of other parts of the country. Little or none of such money has come back to him. He has had "protection" on nothing, and has paid duties or the equivalent of duties on almost everything he has bought.

Considering the results of the war, the extraordinary burdens and penalties that came of it, the merciless rules of reconstruction, the one-sided politics of the Republican party since the war closed, and then noting the injustice to which Dr. Curry refers, it is quite safe to assert that France paid to Germany a light penalty when compared to the penalty the people of the South have been required to pay to the other half of a common country. It is doubtful whether there is to be found a more outrageous instance of injustice in the history of the past century.—Galveston News.

Election of Officers.

The annual election of officers of the L. S. Ross chapter, U. D. C., Bryan, Texas, was held on Friday, January 2, 1902, resulting as follows: Mrs. W. A. Banks, president; Mrs. Doremus, vice president; Mrs. Connell, 2nd vice president; Mrs. Anderson, corresponding secretary; Mrs. J. D. West, recording secretary; Mrs. D. Maret, treasurer; Mrs. Dr. Howell, registrar; Mrs. W. S. Wilson, musical director; Miss Stoddard, historian.

The committee hustling after fair stock has placed in two days about \$1500 of the \$2000 of stock remaining after the recent Central Texas fair. They have met with great encouragement, and feel assured that all the stock will be taken at once and that the fair this fall will be far ahead of the first one, which, it will be remembered, was an unqualified success, and exceeded all expectations. The annual meeting of the stockholders of the Central Texas fair association will be held at 2:30 p. m., at the opera house in Bryan, Tuesday, Jan. 14, at which time officers will doubtless be elected and arrangements begun for the fair this fall.

Following are some of the Madison county people who were in town Wednesday and Thursday: W. E. Bates, Will Keefer, Jake Keefer, W. L. Zulch, J. C. Burts, Will Burts, Will Kluck, J. M. Violet Ray Treatment Improving the Health of Dr. Richardson.

New York, Jan. 9.—As a last resort, Dr. John E. Richardson of Brooklyn, who is a sufferer from cancer for many years, and whose life is despaired of, is submitting to a test of the newly discovered violet ray treatment. The physicians had informed him that his case was hopeless and that he might die at any moment. He then determined to try the new treatment. A violet ray machine was installed in the house, and every fair day the rays were concentrated and projected down Dr. Richardson's throat. After several months of treatment it is declared that his condition is so much improved that hopes are entertained for his recovery.

WASHINGTON NOTES.

Private Pensions Will Be Closely Scrutinized by Senate.

THE CANAL DEBATE.

Discussion of the Offer from Panama Canal Company Upset the Programme in the House—Cuban Reciprocity Hearing.

Washington, Jan. 9.—During consideration by the senate Wednesday of private pension legislation some important statements were made by Mr. Gallinger, chairman of the committee on pensions, in respect to regulations adopted by the committee to govern it in consideration of private pension bills. He announced that none but absolutely meritorious cases would be presented to the senate for its consideration, and that the closest scrutiny would be given by the committee to every bill introduced. He said that no pension exceeding \$50 a month would be recommended by the committee for the widow of a general officer, and that pensions for the widows of other officers would be scaled down proportionately.

At the conclusion of the routine business on the calendar were called and the following passed:

Extending to the subport of Sumas, Wash., the privileges of the immediate transportation of dutiable merchandise without appraisement.

Authorizing the Southern Missouri and Arkansas Railroad company to build a bridge across the Current river in Arkansas.

Providing for the refunding of \$612,572 to the republic of Mexico, fraudulently collected in the Well and Laabara claims.

Granting permission to several United States army officers to accept decorations from foreign countries.

The debate on the Nicaraguan canal bill in the house developed sentiment in favor of giving consideration to the recent offer of the Panama Canal company to sell its franchises and property for \$40,000,000, this sentiment taking the form of advocating the Morris amendment to empower the president to select the latter route if the canal commission, upon considering the company's offer, recommend it, and the required concessions can be obtained from Colombia.

Of sixteen members who spoke, nine favored the Morris amendment.

The speakers were Messrs. Shackleford of Missouri, Parker of New Jersey, Lovering of Massachusetts, Morris of Minnesota, Burton of Ohio, Hill of Connecticut, Bromwell of Ohio, Gillett of Mississippi and Littlefield of Maine, in favor of the Morris amendment, and Messrs. Burgess of Texas, Bell of Colorado, Cooney of Missouri, Cummings of New York, Gibson of Tennessee and Lacey of Iowa, for the bill in its present form.

These lands, amounting to 79,611 acres, were set apart for the use of the common schools, university, normal schools and public buildings of Oklahoma.

Cuban Reciprocity Hearing.

Washington, Jan. 9.—The ways and means committee has fixed Jan. 15 as the time for beginning hearings on Cuban reciprocity, and it was the prevailing view that the hearings should not extend beyond Feb. 1.

United Irish League Meeting.

Dublin, Jan. 9.—The national convention of the United Irish league, which opened here Wednesday under the presidency of John Redmond was so largely attended that the spacious rotunda was filled to overflowing. Mr. Redmond's opening speech was largely statistical. He pledged his word that there were 1230 live and paying branches, and asserted that if the league movement was made dangerous by its enemies more help would be forthcoming from the United States. Resolutions were adopted denouncing the war and farm burning in South Africa and condemning the land laws of Ireland. William Redmond blamed the police and agents of the crown for crime in Ireland.

FIFTEEN KILLED.

Several of Those Hurt in Tunnel Collision May Die.

New York, Jan. 9.—In the wreck in New York Central railroad tunnel that burrows under Park avenue this city, 15 passengers were killed and twice that number injured. A dozen of the latter were seriously hurt and the roster of the dead may be extended.

Almost a riot was caused at a police station by the arrest of a man giving his name as John Maloney, accused by Coroner Scholler of attempting to rob the bodies of the dead as they lay in the station house.

When he was taken before the sergeant at the desk the friends and relatives of some of the dead fere so incensed that they made several attempts to get at him, shouting "He ought to be lynched."

"You ought to be burned in oil," said the sergeant to Maloney. "You the meanest criminal I ever saw. Take him away quick."

Maloney was taken to a cell.

HELEN GOULD COMING.

She Will Show Eight Young Women Some Texas Cities.

New York, Jan. 9.—Miss Helen Gould will start today on a six weeks' pleasure trip through the west and southwest. Miss Gould says that she is going to make a tour of the big cities with eight young women and that St. Louis would be their first stopping place. From St. Louis they will go to Kansas City and thence to Galveston, where they will spend some days looking over the work of remodeling the city that was annihilated by a tidal wave. From Galveston Miss Gould and her friends will go to Houston, Los Angeles and San Francisco. On the return journey east they will visit some of the larger cities, including Chicago.

WOOTEN'S FIRST SPEECH.

He Makes it on Canal and Covers Himself with Glory.

Washington, Jan. 9.—Congressman Dudley G. Wooten jumped into the arena today and delivered his maiden speech in congress. Mr. Wooten's speech was in advocacy of the Nicaraguan canal bill. Mr. Wooten advocated the passage of the bill without amendment or the consideration of the offer of the Panama canal people. He said that offer and all the amendments to the bill were but tactics on the opposition to the construction of the canal and intended only to delay the consummation of the greatest commercial project of the age. His eloquence and his logic were a revelation to some of the old ones here, and a delight to his friends. Mr. Wooten had only ten minutes, but his time was extended ten minutes more by the unanimous consent of the house.

HEAVY BURDENS OF THE SOUTH.

Says the Nashville American, the South's burden in educating from meager funds—made more meager by interest on debts contracted by robbers of reconstruction days—its own children, as well as the negroes, practically unaided by the money of philanthropists which has given the educational institutions in the North and West

so much force in educating free of charge willing youth, is ably set forth by Dr. J. L. M. Curry in an article he has prepared on "What the South Has Done for the South."

Dr. Curry brings out among others these points:

From 1870 to 1901, \$120,000,000 was spent on the negro by the Southern States.

That the white people in the South pay \$92 in every \$100 of the revenue for school purposes.

That in 1899 in Virginia, as an example, the whites paid \$1,100,000 of taxes, the negroes \$49,000.

That the value of property in two of the Southern States where the rolls are kept separate is, in North Carolina, whites \$242,000,000, negroes \$9,000,000, and in Georgia, whites \$374,000,000, negroes \$14,000,000.

Dr. Curry says: "With profuse hand Congress has appropriated money and sent teachers to Alaska, Hawaii, Porto Rico and the Philippines, but in the Southern States

the white man's burden has to be borne unaided." He traces the struggles of the South and its colleges and how heroically they have met them, and says:

While Northern and Western institutions have been endowed with prodigal munificence, and negro schools have received from the national government and ecclesiastical bodies and individual benefactors many millions, the South has received from beyond Mason and Dixon's line not probably all told \$1,000,000, after subtracting the noble Vanderbilt gift, where a southern woman is supposed to have had some healthful influence.

It may not be in order to complain of the failure of philanthropists to contribute of their hoards to necessities of the South, which some of them have doubtless done much to bring about, but there is much force in the suggestion that the party by which the negroes were liberated and turned into the voting booths has made it a point to leave the burden of negro education upon the very man against whom they have employed the negro voter. This is not all. The Southern taxpayer has contributed in proportion to the benefits coming to him more pension money than the citizen of other parts of the country. Little or none of such money has come back to him. He has had "protection" on nothing, and has paid duties or the equivalent of duties on almost everything he has bought.

Considering the results of the war, the extraordinary burdens and penalties that came of it, the merciless rules of reconstruction, the one-sided politics of the Republican party since the war closed, and then noting the injustice to which Dr. Curry refers, it is quite safe to assert that France paid to Germany a light penalty when compared to the penalty the people of the South have been required to pay to the other half of a common country. It is doubtful whether there is to be found a more outrageous instance of injustice in the history of the past century.—Galveston News.

LOCATING COMMITTEE

Of the Girls' Industrial School Will Visit Bryan and College Next Week.

On next Tuesday, December 14, the committee to locate the Girls' Industrial school will visit the A. & M. college on its tour of inspection. The committee from the Bryan Business league, who have in charge the matter of securing the location of this school, desire that as many as possible of the representative citizens of Bryan should meet this locating committee at the college and assist the faculty and officers of the college in showing them all due courtesies. The Bryan committee will endeavor to have Mr. Trice place a special train at their disposal for bringing the committee to the city in the afternoon.

At 7 o'clock in the evening the visitors will be given an elegant supper at the home of Major L. L. McInnis, and from 9 to 11 a general reception will be held at the same place, and the citizens generally will call and pay their respects to

the visitors.

by the citizen homes for the disabled will be made in the location committee holding a meeting here on Wednesday evening.

Mrs. Plesna Dead.

Mrs. Plesna, a widow and mother of Mr. J. K. Plesna, died at the home of her son 8 miles north of town on Saturday morning at 11 o'clock, and was buried at Alexander chapel this afternoon at 3 o'clock. Election of Officers.

The annual election of officers of L. S. Ross chapter, U. D. C., Bryan, Texas, was held on Friday, January 2, 1902, resulting as follows: Mrs. W. A. Banks, president; Mrs. Doremus, 1st vice president; Mrs. Connell, 2nd vice president; Mrs. Anderson, corresponding secretary; Mrs. J. D. West, recording secretary; Mrs. Demaret, treasurer; Mrs. Dr. Howell, registrar; Mrs. W. S. Wilson, musical director; Miss Stoddard, historian.

The committee hustling after fair stock has placed in two days about \$1500 of the \$2000 of stock remaining after the recent Central Texas fair. They have met with great encouragement, and feel assured that all the stock will be taken at once and that the fair this fall will be far ahead of the first one, which, it will be remembered, was an unqualified success, and exceeded all expectations.

The annual meeting of the stockholders of the Central Texas fair association will be held at 2:30 p. m., at the opera house in Bryan, Tuesday, Jan. 14, at which time officers will doubtless be elected and arrangements begun for the fair this fall.

El Paso is one of the most distinctly interesting cities in the southwest, and the cheap rates which will be in effect between all points on the Houston and Texas Central to the Mexican border, offer splendid opportunity to make the trip. BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be its nutrient is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

A STINGING REBUKE.

Mr. Chamberlain Scored for Reflections on German Army.
CAUSED BITTERNESS.

London Papers Call Count von Buelow a "Swaggering Pharisee," and Say it Is Disastrous to Good Relations of Countries.

London, Jan. 9.—A stinging rebuke was administered to Mr. Chamberlain, the British colonial secretary, by Chancellor Von Buelow in the Reichstag at Berlin Wednesday for references in Chamberlain's speech at Edinburgh on Oct. 15 last, to the conduct of the German army in the war with France in 1870. This caused intense and widespread irritation here and has markedly increased the bitterness of the Anglo-German discord. The St. James Gazette, which calls Count Von Buelow a "swaggering Pharisee," says:

"His offensive speech has brought the growing irritation between the two countries into a dangerous sphere, and the Kaiser's telegram of six years ago was not more disastrous to mutual good relations than studied affront on a British statesman who is trusted by the country, and through him on the country itself. Our attitude of easy tolerance is no longer compatible with our dignity as a nation. Even if Von Buelow had been head of the republican ministry, dependent for its life on fickle popular opinion, there would have been little excuse for his gross perversion of facts and breach of international comity."

The Globe, Pall Mall Gazette and other papers also criticize Von Buelow sharply.

Women Crazed Over Kubellk.

New York, Jan. 9.—Jan Kubellk, the young violinist, was mobbed by women as he was leaving the Brooklyn Academy of Music after his concert Tuesday, and before he could reach his carriage his clothes were almost torn away. The women wanted to kiss him and they wanted locks of his raven hair. "Please go away; you worry me," he cried, but the women would not go. After he reached his carriage he made the fatal mistake of waving goodby. There was a rush for the artistic hand and kisses were showered upon it. Tailor-made gowns were covered with mud from the brougham wheels in the rush.

Identified as a Robber.

Knoxville, Jan. 9.—General Manager D. S. Elliott, Messenger C. H. Smith of the Great Northern Express Company, and Fireman M. F. O'Neill are in this city. Smith and O'Neill were on the train which was robbed by bandits at Wagner, Mont., July 3 last. They went to Knox county jail and positively identified the man under arrest here as Harvey Logan, one of the men who robbed the express car of new Montana Bank bills and other valuables.

Islanders Favor Selling.

St. Thomas, Jan. 9.—A petition in favor of the sale of the Danish West Indies to the United States from the inhabitants of the island of St. Croix will be presented to the rigsdag Friday. Planters and others, representing two-thirds of the acreage of the island, have already signed. Responsible signatures are still being received. The projected antisale demonstration at St. Thomas has been abandoned.

Fire Insurance Rates Raised.

Chicago, Jan. 9.—As a result of fire losses of 1901 exceeding \$1,000,000 in this city, the Chicago Underwriters' association decided to raise rates and ordered them into effect at once. It is believed that the increase ordered will swell the aggregate premiums of the city over \$300,000.

Illinois Will Leave at Once.

New Orleans, Jan. 9.—The battleship Illinois will leave New Orleans just as soon as it leaves the dock, which will be in a day or so. The move is the result of a hurry order to proceed to sea. It will coal outside the jetties. Captain Converse said the Illinois would proceed to Havana.

Crew Picked up at Sea.

Atlantic City, Jan. 9.—A dispatch received states that the crew of nine men of the fishing steamer Sparta, which disappeared off this port Thursday, Jan. 2, have been landed at Algiers, La. The men were picked up by a passing steamer. The Sparta sank.

Collision on Valley Road.

New Orleans, Jan. 9.—The Vicksburg express on the Valley road was in a collision with a freight 12 miles from here. The negro fireman was killed. Engineer Campbell's leg and jaw were broken and several other trainmen painfully hurt.

Cabinet Crisis in Chili.

Chili, Jan. 9.—It is rumored that a cabinet crisis is impending, owing to the explanatory note which has been sent to the Argentine government in order to make the protocol acceptable.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be its nutrient is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

A STINGING REBUKE.

Mr. Chamberlain Scored for Reflections on German Army.
CAUSED BITTERNESS.

London Papers Call Count von Buelow a "Swaggering Pharisee," and Say it Is Disastrous to Good Relations of Countries.

London, Jan. 9.—A stinging rebuke was administered to Mr. Chamberlain, the British colonial secretary, by Chancellor Von Buelow in the Reichstag at Berlin Wednesday for references in Chamberlain's speech at Edinburgh on Oct. 15 last, to the conduct of the German army in the war with France in 1870. This caused intense and widespread irritation here and has markedly increased the bitterness of the Anglo-German discord. The St. James Gazette, which calls Count Von Buelow a "swaggering Pharisee," says:

"His offensive speech has brought the growing irritation between the two countries into a dangerous sphere, and the kaiser's telegram of six years ago was not more disastrous to mutual good relations than studied affront on a British statesman who is trusted by the country, and through him on the country itself. Our attitude of easy tolerance is no longer compatible with our dignity as a nation. Even if Von Buelow had been head of the republican ministry, dependent for its life on fickle popular opinion, there would have been little excuse for his gross perversion of facts and breach of international comity."

The Globe, Pall Mall Gazette and other papers also criticize Von Buelow sharply.

Women Crazed Over Kubelik.

New York, Jan. 9.—Jan Kubelik, the young violinist, was mobbed by women as he was leaving the Brooklyn Academy of Music after his concert Tuesday, and before he could reach his carriage his clothes were almost torn away. The women wanted to kiss him and they wanted locks of his raven hair. "Please go away; you worry me," he cried, but the women would not go. After he reached his carriage he made the fatal mistake of waving goodby. There was a rush for the artistic hand and kisses were showered upon it. Tailor-made gowns were covered with mud from the brougham wheels in the rush.

Identified as a Robber.

Knoxville, Jan. 9.—General Manager D. S. Elliott, Messenger C. H. Smith of the Great Northern Express company, and Fireman M. F. O'Neill are in this city. Smith and O'Neill were on the train which was robbed by bandits at Wagner, Mont., July 3 last. They went to Knox county jail and positively identified the man under arrest here as Harvey Logan, one of the men who robbed the express car of new Montana Bank bills and other valuables.

Indians Favor Selling.

St. Thomas, Jan. 9.—A petition in favor of the sale of the Danish West Indies to the United States from the inhabitants of the island of St. Croix will be presented to the rigsdag Friday. Planters and others, representing two-thirds of the acreage of the island, have already signed. Responsible signatures are still being received. The projected antisale demonstration at St. Thomas has been abandoned.

Fire Insurance Rates Raised.

Chicago, Jan. 9.—As a result of fire losses of 1901 exceeding \$1,000,000 in this city, the Chicago Underwriters' association decided to raise rates and ordered them into effect at once. It is believed that the increase ordered will swell the aggregate premiums of the city over \$300,000.

Illinois Will Leave at Once.

New Orleans, Jan. 9.—The battleship Illinois will leave New Orleans just as soon as it leaves the dock, which will be in a day or so. The move is the result of a hasty order to proceed to sea. It will coal outside the jetties. Captain Converse said the Illinois would proceed to Havana.

Crew Picked up at Sea.

Atlantic City, Jan. 9.—A dispatch received states that the crew of nine men of the fishing steamer Sparta, which disappeared off this port Thursday, Jan. 2, have been landed at Algiers, La. The men were picked up by a passing steamer. The Sparta sank.

Collision on Valley Road.

New Orleans, Jan. 9.—The Vicksburg express on the Valley road was in a collision with a freight 12 miles from here. The negro fireman was killed. Engineer Campbell's leg and jaw were broken and several other trainmen painfully hurt.

Cabinet Crisis in Chili.

Chili, Jan. 9.—It is rumored that a cabinet crisis is impending, owing to the explanatory note which has been sent to the Argentine government in order to make the protocol acceptable.

British Gun Recovered.

London, Jan. 9.—Kitchener cables that the second British gun captured by the Boers at Braknehaag has been recovered. This gun was previously reported as destroyed.
